# Mounting plugs & mounting couplings

BACHMANN mounting plugs and couplings are renowned for their high-quality workmanship and are suitable for use with 3G 0.75/1.0/1.5 mm<sup>2</sup> cables. The development phase focused in particular on the longer shaft, which makes the products particularly easy to handle during mounting and in everyday use.

Featuring strain relief and a separate protective rubber sleeve, the plugs and couplings are ideal for subsequent mounting. VDE and KEMA-KEUR have verified the high quality of these products.

## BENEFITS

- **Shatter-proof plastic**
- **Very easy to mount**
- **With strain relief and separate strain relief sleeve**
- **Large Version**

**BACH  
MANN**  
We power your life.

## Central plug

**Black**  
Part number: 960.101

**White**  
Part number: 960.201

**Grey**  
Part number: 960.301

## Right-angled plug

**Black**  
Part number: 960.102

**White**  
Part number: 960.202

**Grey**  
Part number: 960.302

## Coupling

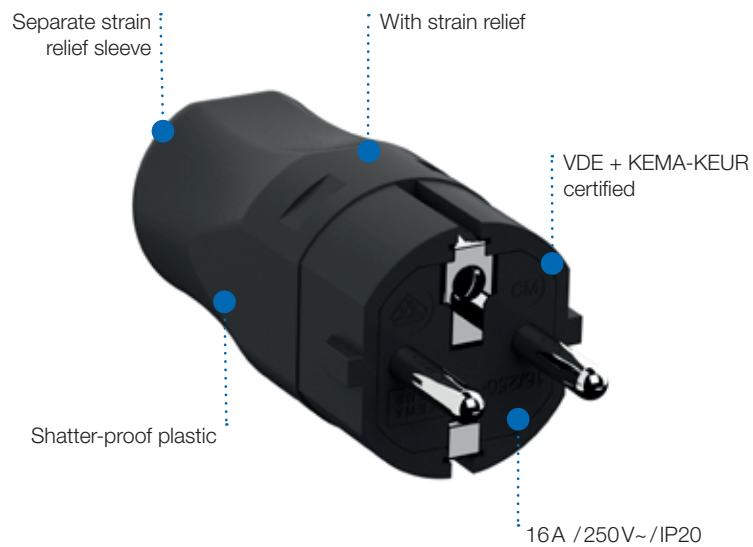

**Black**  
Part number: 960.103

**White**  
Part number: 960.203

**Grey**  
Part number: 960.303
