

The new
way to
charge

USB-A&C Custom Module

The new, space-saving 22 W Custom Module uniquely combines a USB-A and USB-C port. It is ideal for charging common smartphones and tablets as well as many other electrical devices with USB-A or the latest USB-C technology – without any annoying external power supply units. Thanks to the integrated USB Power Delivery (PD) and Qualcomm® Quick Charge™, fast charging is no longer a problem.

Quick and flexible in use: The new module is ideal for retrofitting and upgrading existing installations.

BENEFITS

- **USB-A and USB-C in one**
- **Latest USB-C charging technology**
- **Ideal for retrofitting and upgrades**
- **Fast charging via PD and QC**
- **Integrated current limitation and overheating protection**
