

# CONNECTUS

OPERATE PRODUCE PERFO

## Something that is good can also be made even better!

Connect and get going: our CONNECTUS power strip has stood for this simplicity for years. With over one million units sold, it is clear that you cannot get such level of professional quality at such a fair price anywhere else. Ideal for the fully and semi-professional worlds!

The reliable CONNECTUS power strip is back with lasting quality, bringing a whole range of new features and impressive practical details. Additional mounting holes open up further attachment options. This means that the power strip can be mounted permanently with screws or nails and temporarily with cable ties almost anywhere. With features such as up to 12 slots, the practical power switch and the mains and frequency filter, CONNECTUS is keeping up with the times. The new optional 22 watt USB charger makes it particularly easy to power smartphones, tablets and other mobile devices without requiring an additional power supply unit.

### Benefits

- Fast charging that is easy on the battery thanks to the USB-A/C charger
- A range of versions
- Optimised cable rewind
- A wide range of mounting options
- Professional quality at the best price

# FORM FACILITATE CONNECT

## THE NEW CONNECTUS

Your ideal companion for a huge range of applications.

While professional craftspeople appreciate its reliable quality, hobbyists benefit from its practical new USB function, and small and medium-sized companies are impressed by its value for money.

Even schools and public authorities are taking advantage of the new CONNECTUS: the high quality standards and the new orange coloured end caps, available as an option, ensure maximum safety in public spaces.

Enjoy the benefits of the new CONNECTUS: this high-quality power strip features state-of-the-art functions and comes at a very reasonable price. Simple and practical: CONNECTUS continues to be THE power strip for everyone who wants to focus on the essentials.
