

CERTIFICATE OF LOCATION CARBON FOOTPRINT

Company

Bachmann GmbH

Title of Balance

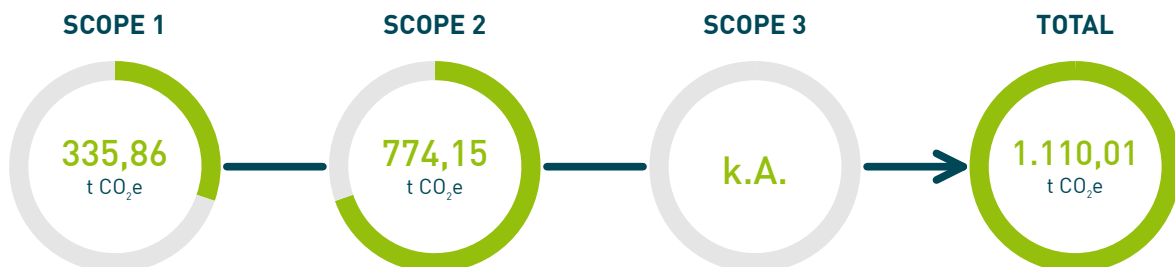

Bachmann Group

Accounting period: 01.01.2024 bis 31.12.2024

Accounting subject: The system boundaries of the calculation include all operational activities in accordance with the GHG standard that are attributable under Scope 1 and 2, in particular emissions from direct combustion and from externally generated energy. Not included are emissions from upstream and downstream activities, such as those resulting from the production of purchased goods or from disposal. All company-relevant emissions within Scope 1 and Scope 2 were fully included in the calculation. A safety margin of 5% was also taken into account to cover potential uncertainties and increase the validity of the results.

Emissions & Description of the Balance Room

Balance standard: This certificate is to be understood as a self-declaration of the company. Depending on the self-selected system limit, the balance represents the sum of all direct and indirect greenhouse gas emissions of a company/site/process/product, expressed in CO₂ equivalents (CO₂e). The balance sheet is drawn up in accordance with the requirements for the quantitative determination and reporting of greenhouse gas emissions in accordance with the self-selected regulation or standard.
